

20 February 2006

On 16 February 2006, the European Commission presented the Preliminary Findings of the Energy Sector at an all day meeting in Brussels. This newsletter contains an overview of the most important conclusions. If you would like more information, please contact the persons listed below.

## EC Commissioner for competition sets priorities for electricity, gas sectors

### Introduction

The EC Commissioner for competition has announced that in the very near future the Commission will open individual anti-trust investigations against electricity and gas companies for certain specific violations. The Commissioner also identified the priorities for anti-trust enforcement in the energy sector. [Click here to read more.](#)

### Introduction

Le Commissaire européen pour la concurrence a annoncé que la Commission ouvrira dans un futur proche des enquêtes individuelles sur certaines violations émanant des entreprises du secteur de l'électricité et du gaz. Le Commissaire a également déterminé ses priorités dans son effort contre les mesures anticoncurrentielles dans le secteur énergétique. [Cliquez ici pour en savoir plus.](#)

### Inleiding

EG Commissaris Kroes (Mededinging) heeft aangekondigd dat de Commissie binnen afzienbare tijd onderzoeken zal openen tegen een aantal energiebedrijven wegens vermoede inbreuken. De Commissaris stelde ook haar prioriteiten vast voor het mededingingsbeleid in de energiesector. [Klik hier voor verdere informatie.](#)
